## Proposed new architecture for splitting EU FTAs and EU investment agreements

plit between Trade and Investment Protection (incl. ICS/ISDS)

Mixed

Trade and investment liberalisation [Korea FTA model]

## Scope:

- All trade matters as confirmed in SGP-Opinion as EU exclusive
- Investment market access (i.e. Liberalisation of foreign direct investment for services and nonservices sectors (including pre- and post-establishment national treatment, post-establishment most favoured nation treatment, performance requirements)

## Investment protection and ICS

## Scope:

- > FDI + non-FDI (portfolio)
- Standards of investment protection (rules on fair and equitable treatment, expropriation, post-establishment national treatment and most favoured nation treatment, performance requirements)
- ICS/ISDS, including possibly the Multilateral investment Court (MIC) once established.
